Mr. Schmahl will share with us Bilstein's story of Operational Transformation --- Transformation EAGLE, as he and his Bilstein Team call it. This is a story of a Lean Manufacturing journey; a story about the power of employee engagement. As you will learn, it is no wonder that Bilstein is one of Cincinnati's Enquirer Media's Top Workplaces 2011. In the last year ThyssenKrupp Bilstein of America, Inc. received a company record of new customer programs for existing and new technologies. In the next three years TK BIA will make significant investments into the headquarters in Hamilton for the future of suspension technologies.

Fabian Schmahl has been President and CEO of ThyssenKrupp Bilstein of America, Inc. since April 14, 2008. Bilstein has long been a global leader in the development and manufacture of premium quality, high performance automotive shock absorbers for original equipment, aftermarket, and motorsports applications. Mr. Schmahl presides over Bilstein of America operations in Hamilton, Ohio (Headquarters); Poway, California; Troy, Michigan; and Mooresville, North Carolina. Mr. Schmahl is a member of the Board of Directors of ThyssenKrupp Bilstein of America, Inc. and a member of the Board of Trustees for the Greater Hamilton Chamber of Commerce.
